

Assembly Instructions

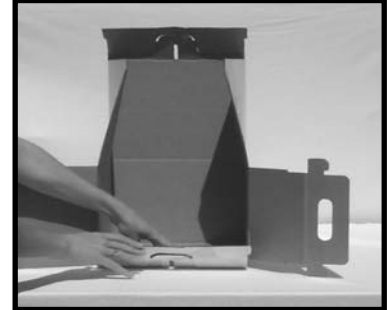

step 1

Unfold box and lay flat. Start with a wider side of the box and fold the corners in along the score lines and hold in place against the wider side.

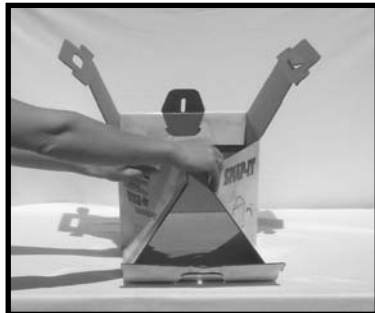

step 2

Fold the top flap over the folded corners and push the interlocking tabs in to the notches on the sides to secure in place.

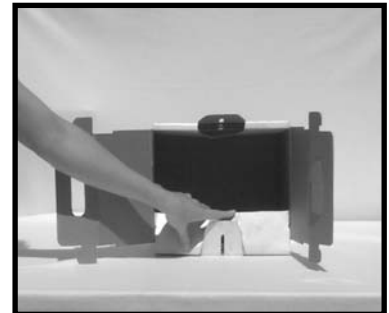

step 3

Repeat on the opposite side by folding in the corners along the score lines and hold in place against the wider side.

step 4

Fold the top flap over the folded corners and push the interlocking tabs in to the notches on the sides to complete the box structure.

step 5

Bring the handles together at the top of the box. Fit the handle notches through the slots on each side.

step 6

You're ready to use your Planet Cooler® Box - Disposable Cooler.
